

The Coleopterist

Volume 12 2003

Contents

<i>Acupalpus maculatus</i> new to Britain from Dungeness	1
<i>Agrilus sinuatus</i> in Essex	120
Baron Alexis de Porochin	21
<i>Bruchidius varius</i> in Leicestershire	113
Carabids potentially new to Dorset	13
<i>Carpelimus similis</i> and <i>Carpophilus</i> <i>marginellus</i> in South Devon	124
<i>Ceutorhynchus cakilis</i> in the British Isles ...	7
<i>Chaetocnema picipes</i> in Kent	40
<i>Chrysolina Americana</i> records in Britain ..	61
<i>Cleonis piger</i> in Scotland	126
Coleoptera from coastal sites in north-east England	15
Coleoptera, Rare and Notable in England ..	82
<i>Cryptocephalus decemmaculatus</i> , deletion from the Sussex list	125
<i>Cyphon konsbergensis</i> , an early record ...	84
<i>Diachromus germanus</i> , a recent record and its occurrence in Britain	105
Field Meeting Report: Norfolk (5–7 July 2002)	76
<i>Gastrallus immarginatus</i> at Hatfield Forest, Essex	23
<i>Globicornis rufitarsis</i> at Blenheim Park, Oxfordshire	96
<i>Gyrophaena poweri</i> from Scotland and Wales	31
<i>Hypera meles</i> in southern England	33
Hyperinae identification	85
<i>Judolia sexmaculata</i> from Scotland	60
<i>Lampyrus noctiluca</i> and soil pH in Essex ..	121
<i>Lathrobium fennicum</i> new to Norfolk, with characters to separate females	24
<i>Lathrobium rufipenne</i> in Britain and Ireland	101
<i>Lebia cyanocephala</i> in Hertfordshire	56
<i>Leptophloeus clematidis</i> resident in Kent ..	34
<i>Lilicercis lilit</i> spread and host plant range ..	67
<i>Lycoperdina bovistae</i> in Gloucestershire ..	119
<i>Lycoperdina bovistae</i> in South Devon	77
<i>Malthodes brevicollis</i> a British beetle?	35
<i>Malthodes crassicornis</i> , breeding-site	118
<i>Malthodes lobatus</i> new to Britain	97
<i>Meloe variegatus</i> on the Isle of Wight in 1833	65
<i>Otiorhynchus armadillo</i> and <i>Otiorhynchus</i> <i>salicicola</i> established in Britain	41
<i>Otiorhynchus desertus</i> records in Scotland ..	66
<i>Otiorhynchus setosulus</i> as a British species	24
<i>Pelenomus olssoni</i> in Kent	6
<i>Philhygra terminalis</i> records	6
<i>Poecilium lividum</i> , British examples?	114
<i>Prionychus melanarius</i> in Gloucestershire ..	63
<i>Psylliodes laticollis</i> , Scottish record	110
Saproxylic Coleoptera of Petworth Park, West Sussex	89
<i>Scolytus pygmaeus</i> , a new arrival to Britain	57
<i>Stenus fossulatus</i> in Scotland	39
<i>Tachys edmondsi</i> in the New Forest	111
<i>Triotemnus coryli</i> rediscovered	79
<i>Velleius dilatatus</i> , first Sussex record	104

Reviews

Apionidae of the Western Palaearctic volume
1 by Mark Russell

An annotated list of wetland ground beetles
(*Carabidae*) and *rove beetles* (*Staphylinidae*)
found in the British Isles including a
literature review of their ecology by D.A.
Lott
