

The Coleopterist

Volume 4 ♦ 1995

Contents

<i>Acalles misellus</i> , note	55
<i>Agonum lugens</i> , late summer emergence in the Burren, Ireland.....	87
<i>Agrilus sinuatus</i> , widespread in London.....	59
<i>Anthaxia</i> , another enigma	20
further thoughts on.....	60
<i>Bibloporus minutus</i> , confirmed as a Gloucestershire species.....	77
British List, changes published in 1994.....	3
<i>Cerambyx cerdo</i> , in New Forest (Hampshire).....	46
<i>Chlorophorus varius</i> , imported to Britain.....	39
in Scotland.....	92
Click beetles, two species new to Norfolk from site with an outstanding saproxylic fauna.....	85
<i>Conopalpus testaceus</i> , new to Somerset.....	81
Conservation news.....	61
County and regional recorders.....	31
Curculionoidea, recent advances in higher systematics affecting British fauna.....	21
<i>Donacia</i> , scarce species in Surrey	14
Donington Park (Leicestershire), dead-wood beetles	47
Dorset coast, recent records of scarce Coleoptera.....	89
Editorial.....	1
<i>Eulagius filicornis</i> , apparently established in Britain.....	65
Field meetings	57, 91
<i>Gastrallus immarginatus</i> , second British locality	86
<i>Globicornis nigripes</i> , in Worcestershire	83
<i>Halipilus mucronatus</i> , in Sussex.....	54
<i>Harpalus dimidiatus</i> , recent record from Sussex	56
<i>Harpalus obscurus</i> , in Rutland.....	80
<i>Hylesinus orni</i> , not a synonym of <i>H. varius</i>	19
<i>Hypomedon debilicornis</i> , genus	6
<i>Leistus rufomarginatus</i> , extensions to northern ranges	78
<i>Leptura fulva</i> , in West Kent.....	56
Literature notices	32, 64, 96
Live-trapping for water beetles, an evaluation	69
<i>Malthodes fibulatus</i> , new to Dorset	79
<i>Melanophthalma distinguenda</i> , in Somerset.....	81
Nitiduloidea, recent changes in classification of British	37
<i>Opatrum sabulosum</i> , in East Sussex	58
<i>Orthochaetes insignis</i> , in West Cumbria	84
<i>Oulema 'melanopus'</i> species group, identification.....	33
<i>Phaedon tumidulus</i> , reared from Giant Hogweed	84
<i>Phosphaenus hemipterus</i> , rediscovered in England (Surrey)	88
Pitfall trap beetles, in Leicestershire grasslands.....	73
<i>Pogonocherus fasciculatus</i> , in Surrey	14
<i>Pseudocistela ceramboides</i> , and other scarce saproxylic Coleoptera in Gloucestershire.....	91
<i>Pyrochroa serraticornis</i> , swarming on an elm stump.....	2
<i>Pyrrhidium sanguineum</i> , history in Britain.....	41
<i>Rugilus subtilis</i> , in Sussex.....	57
Running-water habitat Coleoptera, in Surrey and North Hampshire	68
Southern Beech, phytophagous Coleoptera associated with	7
saproxylic Coleoptera additions and corrections	15
Specimen labels, note	2
Stourhead (Wiltshire), dead-wood beetles including <i>Thymalus limbatus</i> new to Wiltshire.....	90
<i>Trechus rivularis</i> , extensions to northern ranges	78
<i>Trichiusa immigrata</i> , in Leicestershire.....	14
<i>Triplax russica</i> , breeding habitat and biogeography in Britain.....	17
Woolmer Forest (North Hampshire), records of notable weevils in vicinity.....	82

Reviews

<i>Adults and larvae of hide, larder and carpet beetles and their relatives</i> ... by E.R. Peacock.....	94
<i>Fauna d'Italia Coleoptera: Nitidulidae - Kateretidae</i> by P. Audisio.....	63
<i>Ground Beetles in the Yorkshire Museum</i> by M. Denton.....	6
<i>Leicestershire Red Data Books: Beetles</i> by D. Lott.....	93
